

Las Vegas Tea Party Voting Guide 2014

LVTP has worked with VIPI to bring you this guide. This is a list of all the offices that are being voted on in the 2014 elections. Where applicable, a link is provided to a youtube video of the candidates for that race being interviewed by Veterans In Politics, International. If no link is provided, it is because no candidates for that race elected to be interviewed. **All VIPI endorsements are highlighted in yellow.** Not all races have a VIPI endorsement, either because the VIPI panel found the candidates to be equal and could not make a choice, or candidates did not appear for their scheduled interview, or no candidates interviewed.

Using the Constitution as a guide, Las Vegas Tea Party has assigned a rating from 0 to 10, 0 being a low rating, 10 being high, to each candidate. Notes are provided where necessary. There are many races in which LVTP did not feel there were any good candidates. In these cases it is recommended that the incumbent is NOT re-elected. The system has failed under these candidates and there is no reason to keep putting them in office. A new candidate, even if not up to LVTP standards, is better than an incumbent. LVTP has little knowledge of candidates from northern Nevada and relies on VIPI to provide input.

In races where LVTP has no notes, LVTP agrees with VIPI's assesment of candidates.

Many candidates scored very low, though they are the preferred candidate. This means we are going to need to stay diligent in keeping them accountable to We The People once they are elected.

This is a very difficult election. There were many races in which there were really no good candidates. We will be disappointed no matter who wins the race. It will be up to We The People to make sure candidates uphold our Constitution.

We understand that not everyone is going to agree with or like the ratings of all these candidates. Though LVTP was very diligent in attempting to obtain the best possible assessment of candidates based on the Constitution, please use this as a tool only, to make your own informed decision.

Las Vegas Tea Party has the same goals as all the other TRUE Tea Parties. We are not a political party. We are non-partisan; our goal is to keep America free, and based firmly on Constitutional principles. Freedom. Justice. Equality. Liberty. Responsibility. Duty. Sovereignty. Accountability. Integrity. Honor. If you are willing to defend the principles of freedom, no other label matters.

Las Vegas Tea Party does not endorse or directly support any political candidate, political party, or seated representative. We only endorse Constitutional policy. Every representative and candidate is accountable to "We the People", and the Constitution of the United States of America, at all times.

- 2 Vicki Dooling (It's a shame there isn't another candidate in this race. Aizley has shown more fortitude and cooperative spirit than this candidate. Dooling has shown herself to be less than forthright and biased. She stepped down as president of Las Vegas **Valley** Tea Party – which was initiated by the Sharron Angle campaign so Angle could be a “Tea Party Candidate” - in order to run for office, and during the time she served as President, refused to cooperate with **Las Vegas Tea Party**, or any other political activist group outside the Republican Party fold. She is conservative, but she did not appear at the VIPI interview to which she had committed, nor did she ever give a reason for not showing.)

CLARK COUNTY SHERIFF

This is going to prove a very difficult race, and choice. All these candidates have been interviewed extensively by many activist groups over the last few months, and all these candidates have some serious issues. LVTP has deliberated over this for months, and watched hours and hours of videos, and argued extensively. This is the best rating we could agree upon. Please go to youtube and watch all the available videos for yourself before you make your own choice.

0-Angel M Barboza – Supports Police Cameras. Does not serve the people.

6-Larry Burns – Seems to be too polished and fake a politician. Is kind to everyone. Stands behind the Constitution.

4-Tim Deam – Businessman.

0-Robert Gronauer – Oh hell no.

0-Joe Lombardo – Groomed by Gillespie, would maintain current culture of corruption.

4-Gordon Martines – Constitutional, but very wrong on some big issues. Bit of an ego.

4-Ted Moody – Arrogant, dismissive, demeaning – typical police officer - soft on illegal aliens, does not recognize power of Sheriff over Feds, knows the office but shows propensity for “business as usual”.

3-Kenneth Page – Inexperienced. Weak.

3-Bill Roman – Has potential but not very involved.
